Subject: eruvs in Jackson - ACTION PLAN NEEDED

Folks, This is very quickly getting out of control.

The hysteria being created by the media coverage is bad enough.

We need our township governing body to stand firm and assure us that this will not be allowed.

This has the potential of being just the first step in converting Jackson into another Lakewood.

A mass exodus along with plummeting property values is sure to happen if we, as a community, do not make it clear that Jackson Township will not be intimidated by these actions.

Regards,

Robert Craig Hubbard

ERUV religious boundary wires in Harmony Farms

Did you know that Harmony Farms had their annual HOA meeting and they were ambushed with a presentation- on how the Orthodox would like to construct an ERUV religious boundary throughout the entire neighborhood. They had a Company spokesperson who installs the poles & wires there to explain it all from Bergen County. PowerPoint slide show and all. It's insane! Just an example "two 18 ft poles on the entrance way". Can you imagine driving past Harmony farms with poles & wires labeling it as Orthodox owned & run? What is going to be done, they are 10 steps ahead of us. California Ave wires are still up on the ROW.

Shuls are popping up at every turn- the Orthodox from Harmony farms said they already receive permission to use JCPL utility poles - in our entire town?? I'm assuming you are aware of this? I thought Jean was drafting a letter to our utility pole owners- requesting no permission be given??
It seems people are more concerned about "the other side" getting upset about their basketball nets having to be moved!! But "this side" has religious wires and Shuls!

I thought it was One town not Two separate sides!

No one should even be allowed to ask that or for residents to free pressured to allow them to do so. If this is a cultural or religious symbol, it creates a VERY divided community with physical boundaries of separation.

>>>>

I didn't even think realtor "for sale" signs were allowed in this strip.

>>>>

>>>> I'm not sure why this is allowed, but if it is, please direct me to the ordinance that states that permanent structures on this public strip are allowed. I always thought a fence, border, lights, or flag poles would look nice there, so I look forward to constructing some soon since it seems to be allowed.
